

Pentecost 2021

Dear Friends,

St Luke's Organ Protection Appeal 2021

Pentecost is a great celebration of the fulfillment of Jesus' promise to send the Holy Spirit to be with us and sustain the life of the Church. As we continue to reflect on our changed world at this time, we give thanks for our loved ones and join together in thanksgiving for God's unchanging love.

As many of you would be aware, our beautiful Fincham pipe organ suffered severe water damage through the church tower during a ferocious storm in February 2020. In conjunction with our insurers, we have engaged the services of Brisbane-based Pierce Pipe Organs to remove and repair the damaged sections of the organ, and I am delighted that these works are nearing completion.

Unfortunately, our insurance claim has not extended to the additional works required to improve the church tower, which will prevent damage of a similar magnitude occurring in the future.

The Wardens and I have resolved that it would be unconscionable to reinstall the organ without the essential works to also repair and improve the tower – costing in excess of \$20,000.

This is where we need your help.

This Pentecost, I encourage you to consider supporting these works with a donation to our parish. There is no denying that the past 18 months have been difficult for many and indeed, these challenges have been felt close to home.

Your support will help to ensure that the Parish of St Luke's can continue to echo Christ's good news through worship, teaching and music.

I would be more than happy to discuss your support with you directly, should you wish and thank you for your consideration.

With every blessing to you and your family,

**The Reverend Dr Max Wood
Rector**
